Dear Dr. Lederberg:

Under separate cover I am sending to you the article which I mentioned when we met at the Second National Cancer Conference in Cincinnati. This article will appear in the Annals of the New York Academy of Sciences as part of the Conference on Virus and Rickettsial Classification and Nomenclature. Please return it to me after you have obtained the information you want.

I should like to say once again that I thought you presented a very fine piece of work at the meetings.

Yours sincerely,  
*L. M. Black*
